Impact of your booking

Welcome to Coin Street

We're a social enterprise working to protect, build and galvanise our neighbourhood in Waterloo and North Southwark, London.

Starting from a rundown site in 1984, together we've built a thriving community of opportunity. It's a place people can call their home, workplace, or playground – and above all, it's a place where they can be totally themselves.

To make our mission possible, we generate income from commercial activity, including through the Coin Street Conference Centre. This means that every booking you make fuels something bigger: it helps protect, strengthen, and uplift our local community.

What your booking powers

Every booking directly supports a vibrant network of community-led initiatives, including:

Welcoming coffee mornings, gardening groups, and art sessions

Co-operative housing for local residents

Youth programmes like Young Leaders, mentorship, and youth gym

Family and Children's Centre offering workshops, support sessions, and more

Affordable studio spaces for independent designers and makers at Oxo Tower Wharf

A Living London Wage for all our employees

And that's just the beginning.

Your booking helps fuel creativity, connection, and opportunity across our community.
